

Workshop

Financial Instruments for Research Funding 2014-2020

Monday, 31 March 2014

Amphitheatre, FORTH's bldg

A high priority among the missions of the IMBB/FORTH InnovCrete project (FP7-Regpot) is the dissemination to the scientific community of Crete of clear, structured and concise information regarding the complex structure of national and European Union research funding opportunities. Through a series of seminars and training courses, InnovCrete will present highly technical information regarding EU policies, funding opportunities and programmes in a streamlined and simplified manner.
