

CTSB & HeCrA7

Current Trends in Structural Biology and 7th International Conference of the Hellenic Crystallographic Association

19-21 September 2014

Foundation for Research & Technology - Hellas (FORTH)
Heraklion, Crete, Greece

by Lentina via festivalaki

Macromolecular and Chemical Crystallography

(Novel Methods/ Crystallization & Crystal Treatment/ Hot new Structures)

XFEL and Time-resolved Crystallography

Hybrid Approaches (SAXS/ EM/ Powder diffraction) and NMR

Practical course: Crystallographic Computing - 18-19 September 2014

Unlocking the Innovative Capacity of
Multidisciplinary Structural Biology
Driven Research in Crete

ΠΑΝΕΠΙΣΤΗΜΙΟ ΚΡΗΤΗΣ
UNIVERSITY OF CRETE

Organized in the framework of the InnovCrete Project (FP7-REGPOT Programme)

www.innovcrete.eu

Organization

M. Kokkinidis
K. Petratos
I. Mavridis
I. Margiolaki

Local Organizers

M. Amprazi
V. Fadoulou

Secretary & Information

Georgia Choulaki
